Jest

Nuxt & Vue ecosystem

React & React Native ecosystem

Expo

pm2

Nginx

Git

EXPERIENCE

Full Stack Developer

Web Development

IDE-AL HYZMAT

July 2018 → August, 2018

- Played a crucial role in developing and maintaining web applications, using commonly **Nuxt.js and Node.js**
- Actively collaborated with cross-functional teams, translating business requirements into functional and user-friendly web applications, and **boosting our clients' sales up to 200% every**.
- Contributed to the optimization of application performance, ensuring seamless user experiences

Frontend Developer

Web Development

Geek Space

August 2019 → February 2020

- Developed **high loaded frontend web applications** to provide list of services, like **analytics**, **CRM** (with several **integrations**) and **websites** for clients
- Took a huge part on developing **main service, CRM, that allowed to handle all our clients in one place**.
- **Hired and provided mentorship over +25 developers**

Full Stack Developer

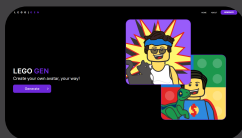

Web & Mobile

Freelance

Now

- Developed highly scalable mobile and web applications with **teams from 5 to 35**.
- **Worked with startups**, to provide them the most efficient start at the beginning, **providing business solutions like mobile apps, web applications, services like CRM (mostly), analytics and etc**
- **Consulted** over 50+ companies

PROJECTS

Lego Character Generator (Vue 3)

[Github](#) [Preview](#)

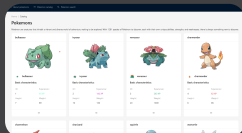

Introducing my app that allows you to create your own unique avatar by customizing various elements such as hairstyles, eyebrows, facial features, clothing, and more! User-friendly interface of app makes it easy for anyone to design their own avatar in minutes (created within 24 hours as part of a test task)

My Portfolio (Nuxt 3)

[Preview](#)

My portfolio website written in Nuxt.js + TailwindCSS, using technologies like i18n, nuxt-seo-kit, and most of vue ecosystem

Pokemon Website (React)

[Github](#) [Preview](#)

Website-catalog with pokemons (Public Pokemon API), written in React + Redux (pet project)
